PROFESSIONAL EXPERIENCE

LegionTech Inc.   **February 2025 - May 2025**

On-the-Job Trainee (Software Development)
- Developed User Interfaces (UI) from Figma designs, and integrated them with backend APIs.
- Gained hands-on proficiency with a modern tech stack including React, Python, Docker, Git, Jira Software, and Postman.
- Applied agile development methodologies throughout the project lifecycle.
- Collaborated effectively within development teams and contributed to post-integration component maintenance and bug resolution.

Fify410   **April 2024 - September 2024**

Part Time Virtual Assistant
- Provided professional chat support, addressing customer inquiries and resolving concerns to ensure client satisfaction.
- Performed accurate data encoding and management to maintain organized and up-to-date records, supporting operational efficiency.

PROJECTS

Pixora   **2025**
- Developed a web application that creates auto captions and transcripts for user-uploaded videos using Agentic AI.
- Utilized open-source AI models for core functionality.
- Deployed the application on Docker for local hosting and development.
- Secured 1st place in the "1st Internal Hackathon 2025: Building Agentic AI For Real-World Impact."

Dog Central Veterinary Clinic and Grooming Website   **2024**
- Simplified online booking for grooming and veterinary services.
- Secured role-based access for customers, staff, and admin.
- Centralized pet medical records and appointment management.
- Developed using modern web technologies including Typescript, Tailwind CSS, and Next.js.

TECHNICAL SKILLS

- Skilled in front-end development (React.js, JavaScript, CSS) and Python programming.
- Proficient with API integration (Axios, RESTful APIs) and accurate data encoding and management.
- Familiar with Visual Studio Code, PyCharm, Git, GitLab, Docker, Postman, Jira Software, and Confluence.
- Experienced in agile development environments and proficient in using Git for version control.
- Demonstrated ability in providing professional chat support for client inquiries and concerns.
